Subject: Submission Re: DAS application by Dublin Port Company

Licensing | Environmental Protection Agency licensing@epa.ie

I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay.

I live locally and Dublin Bay is not just part of the local scenery, it is part of my home and my community.

It has particular significance for our wildlife, recreational activities and brings hundreds of thousands of visitors to the area each year.

It is crucial that this area is protected from potential harm caused by the dumping this amount of dredge waste.

The redistribution of such a vast amount of sediment and dredge waste could have potentially disastrous effect of the epifauna of the bay and could negatively impact on the protected wildlife species the bay is famous for.

Yours sincerely,

Nina Crozier
