**Subject:** Submission Re: DAS application by Dublin Port Company

Licensing | Environmental Protection Agency licensing@epa.ie

I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay.

From every aspect, this is an inappropriate course of action that will have a detrimental effect on one of our most valuable natural resources and public amenities, namely the UNESCO biosphere of Dublin Bay, Ireland's only designated biosphere. Emissions from a smaller operation in Cork have already demonstrated the negative impact of dumping of dredge waste.

I make a direct request that you do the right thing and prevent this happening. .

Yours sincerely,

Janie Lazar
