Subject: Submission Re: DAS application by Dublin Port Company

Licensing | Environmental Protection Agency licensing@epa.ie

I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay. I am a scuba diver in Dublin Bay for the past 9 years, Dumping 10m tonnes will destroy the sea bed flora & corals and sponges . It will also ruin the vizibility in the bay which had improved since dumping into the bay was ceased. It is a conservation area, where porpoises and dolphins are spotted on a weekly basis also a tourist attraction, from Howth to Dalkey. Please consider the Sea Environment for wildlife and recreational scuba divers.

Yours sincerely,

sandra walsh
