I write to you to express my concern and opposition at the recent proposal of Dublin Port to undertake a dredging project that will see 9.7 million tonnes of dredge waste into Dublin Bay.

As a very regular sea swimmer I am concerned at the impact this waste will have on me and my fellow swimmers not to mention the aquatic life! I like to eat locally caught fish and seafood too, I don't want it contaminated by waste, please consider other options.

Yours sincerely,

Tiffany Quinn
