To Whom It may Concern.

Regardless of any significant further information available regarding this planning application I am totally against it, as I specified in my earlier objection. I am planning to retire in the new year, and I am not prepared to put up with the noise from this factory. It's like a small village with traffic parking through it day & night. The lights are on all night so our front bedrooms are lit up last thing at night & when we wake up in the mornings. When the management leave the factory & go home in the evening they don't give a damn about us left here to put up with this eye sore. We have a well known waste facility in the area that has to abide by times that the lorries can travel in & out to facilitate the neighbours.
