Dunbia(Slane)

This site is located on a county road in 80kph speed limit zone. The entrance is located on the inside of a bend where there is very narrow verge and sightlines are extremely poor.

The entrance is dangerous to say the least except for trucks which may be seen or enable truck driver to see over the adjoining hedge/fence/wall.

No further development should be permitted until this entrance is improved to an acceptable standard.

For inspection purposes only. No other use.
Consent of copyright owner required for any other use.
