Johnstown Castle Estate
Co. Wexford.

RE: Waste Licence Register No. W0292-01
Applicant: N&C Enterprises Limited, Blackhill, Kill, Co. Kildare
Facility: N&C Enterprises Limited, The Pit, Kilmeague, Naas, Co. Kildare

Dear Ms. Babiarczyk,

I refer to the above, your correspondence dated 20th January 2017 and our response to you dated 6th February 2017.

In our letter dated 6th February 2017 the Council indicated that planning permission register reference 12/373 would expire on 28th June 2017.

I refer to the notification of a proposed decision of the EPA dated 18th July 2017 on the application for a waste licence where it is proposed to grant a waste licence for the importation of 1,500,000 tonnes of material to N&C's facility at Kilmeague, Naas, Co. Kildare.

We wish to inform the EPA that there is currently no planning permission relating to the operation of an inert waste recovery facility at The Pit, Kilmeague, Naas, Co. Kildare.

Yours sincerely,

Senior Executive Officer
