Dear Ms. Oglesby,

The Planning Authority has no observations to make regarding the IE Licence application for North Cork Co-op Creameries Limited, Strand Street, Kanturk.

It is my understanding that the subject site, operating as a Co-operative and involved in the processing of milk is a long standing user on the site, i.e. pre 1963. The Planning Authority is not aware of any previous EIS undertaken on this site relating to the existing co-operative facility.

Most recently the Planning Authority determined an application which was the subject of 16/7019 wherein the Planning Authority determined that it was satisfied that the proposed works the subject of 16/7019 did not give rise to the need for either a mandatory or sub-threshold Environmental Impact Statement.

Regards,

Ronnie Barry,
