A Chara,

I refer to your correspondence, dated 22nd March 2018, in respect of the above and wish to advise Monaghan County Council has no specific observations to make.

The planning histories relating to the site are as follows:

14/391 erect a poultry unit, holding tank and all associated site works

18/11 Permission to construct two number poultry units, insert holding tanks, meal bins and all associated works and open new entrance on to public road. This application relates to a development that is for the purpose of an activity requiring a licence under part IV of the environmental protection agency acts 1994/2013. An environmental impact assessment report will be submitted with this application

In respect of the proposed licence as referred to in your respective correspondence please be advised that Monaghan County Council has no objections in respect of Integrated Pollution Prevention and Control Licence being issued in respect of the above development.

Please note that both files are available to view on the following website

I trust this provides you with a satisfactory over view of matters relating to this development.
