Subject: Enquiry on behalf of local angling club

To whom it concerns,

I am enquiring about a licensing application made by North Cork Co-Operative Creameries, in Kanturk Co. Cork.

I have been asked by members of the community to find out whether the above mentioned company must perform remedial works prior to the granting of any license, or if a stipulation requires the company to perform these works upon granting of said license.

If you could get back as soon as you can that would be great, as the group are planning on meeting to discuss their own plans.

Thank you for your time.

Kind Regards

Kieran
