Re:

Redevelopment of Alexandra Basin and Berths 52 and 53
together with associated works in Dublin Port,
Alexandra Road, Dublin 1.

Dear Madam,

I have been asked by the Board to refer further to your letter dated the 22nd October, 2018 and, in particular, to your request for observations with respect to the licence application assessment process.

The Board considers that the applicant has clarified the position regarding the location of the treatment facility, which would be partly relocated and is temporary in nature, as it forms part of the construction works associated with delivering the permitted re-development of Alexandra Basin. The Board does not have any concerns about this proposal as the works would accord with the terms and conditions of the current planning permission for the site.

I trust this is of assistance.

Yours faithfully,

Kieran Somers
Executive Officer
