Waste Management Licence Application
HSE SUBMISSION REPORT
Environmental Health Service Consultation Report
(as a Statutory Consultee (Planning and Development Acts 2000,
& Regs made thereunder).

Date: 21 January 2019
Our Ref: 0880
Report to: Environmental Licensing Programme,
Office of Environmental Sustainability,
Environmental Protection Agency,
Johnstown Castle Estate,
Co. Wexford.

Type of consultation: Waste Management Licence Application

EPA Reference Number: W0201-04

Applicant: Bord na Mona Public Limited Company, Tullamore, Offaly

Location: Killinagh Upper, Naas, Kildare, W91 RC82

Proposal:

Nature of Activity:

11.2 (b) Disposal or recovery of hazardous waste with a capacity exceeding 10 tonnes per day involving physic-chemical treatment

11.2 (c) Disposal or recovery of hazardous waste with a capacity exceeding 10 tonnes per day involving blending or mixing prior to submission to any of the other activities listed in paragraph 11.2 or 11.3

11.4 (a)(ii) Disposal of non-hazardous waste with a capacity exceeding 50 tonnes per day involving one or more of the following activities (other than activities to which the Urban Waste Water Treatment Regulations 2001 (S.I. No. 254 of 2001) apply): physico-chemical treatment;

11.4 (b)(iii) Recovery, or a mix of recovery and disposal, of non-hazardous waste with a capacity exceeding 75 tonnes per day involving one or more of the following activities, (other than activities to which the Urban Waste Water Treatment Regulations 2001 (S.I. No. 254 of 2001) apply): treatment of slags and ashes;

13.6 Independently operated treatment of waste water (to which the Urban Waste Water Treatment Regulations 2001 do not apply) and discharged by an installation to which Part IV applies.

11.1 The recovery or disposal of waste in a facility, within the meaning of the Act of 1996, which facility is connected or associated with another activity specified in this Schedule in respect of which a licence or revised licence under Part IV is in force or in respect of which a licence under the said Part is or will be required.

11.5 Landfills, within the meaning of section 5 (amended by Regulation 11(1) of the Waste Management (Certification of Historic Unlicensed Waste Disposal and Recovery Activity) Regulations 2008 (S.I. No. 524 of 2008)) of the Act of 1996, receiving more than 10 tonnes of waste per day or with a total capacity exceeding 25,000 tonnes, other than landfills of inert waste.

11.4 (b)(i) Recovery, or a mix of recovery and disposal, of non-hazardous waste with a capacity exceeding 75 tonnes per day involving one or more of the following activities, (other than activities to which the Urban Waste Water Treatment Regulations 2001 (S.I. No. 254 of 2001) apply): biological treatment; when the only waste treatment activity carried out is anaerobic digestion, the capacity threshold for this activity shall be 100 tonnes per day

General Introduction:

The following HSE departments were made aware of the consultation request for the proposed development on December 21st 2019.

- Emergency Management
- HSE Estates
- Health Protection
- CHO – Ger Reaney
- Environmental Health

This report only comments on Environmental Health (EH) Impacts of the proposed Waste Licence.

This office has received no environmental complaints in relation to the past or present operation at this facility. All commitments to future actions including mitigation and further testing have been taken as read and all data results have been accepted as accurate. No additional investigations/measurements were undertaken.

In relation to this the nature of this activities, the areas of concern from an Environmental Health perspective are soils and geology, water, air quality, noise and material assets. These areas of concern have been addressed in the documents accompanying this application.

Provided that the measures as outlined are strictly adhered to and that Best Available Techniques (BAT) for waste treatment are complied with, this department has no other response to make in relation to the proposal.

Robert Doyle
Environmental Health Officer

Endorsed by:

Tom Prendergast
Principal Environmental Health Officer
