Appeal

Re: Extraction of sand and gravel over an area of 7.8 ha. New access road and all associated development on an overall site of 13.9 ha. Ballinderry, Carbury, Co. Kildare

Dear Sir/Madam,

I have been asked by An Bord Pleanála to refer to the above-mentioned appeal and your email dated the 15th June 2018 requesting comments in relation to an application for a Waste licence or a review of a licence pursuant to the provisions of section 173A(4) of the Planning and Development Act 2000, as inserted by Article 10 of the European Union (Environmental Impact Assessment) (Waste) Regulations 2012.

The Board has consulted the EPA website and details of the application submitted by the applicant. The EIS submitted with the Licence application appears not to be the same as that submitted to the Board under planning appeal reference number PL09. 205039. The EIS submitted with the application and appeal to the Board was prepared by Declan Brassil and Company and was prepared in accordance with European Communities (EIA) Regulations (SI Number 349 of 1989). The EIAR submitted with the EPA Licence Application, was prepared by Golder and Associates and was prepared under Directive 2011/92/EU. The EIAR also had regard to DHPC Circular PL1/2017 on the implementation of Directive 2014/52/EU. Both documents have different formats and different contents.

An electronic disc which contains the documentation relating to the file including the EIS is enclosed.

If you have any queries in relation to this matter, please contact the undersigned officer of the Board.
