"Joy & Mary Maguire"  
A. Submission

We are very concerned about G.C.H.L. Limited has made an application for a waste licence to turn an unused sand pit into a "waste Dump".

We object to this land being used as a dumping ground. There is a huge amount of water on this site and any movement of this water, by placing any sort of waste will be a massive threat to our health and wellbeing, also any waste that's brought on site, would have to be transported by lorries would also be a huge threat to our health & safety.

It is so distressing to think all of this could happen.

This company G.C.H.L. Limited has not got a very good record when it comes to Environmental Impacts on rivers, landscapes & no effect it will have on the

(2)

local people of Bradford. As it stands this company "G.C.H.L. Limited" has placed waste material on this site without proper licensing, permits or planning. So as you can see we are very worried about this & really feel G.C.H.L. Limited should not be allowed to operate on this site.

Yours sincerely

Joe Stagnese
