It is hard for the local community to fathom how approval can be given for such volumes of waste to be dumped directly into this area of outstanding natural beauty. It is clear that this is a case of a commercial entity running roughshod over this community in collaboration with those who approved this senseless venture. The delicate ecosystem of East Ferry and Rathcoursey as well as East Cobh and Fota will be irreparably harmed by the discharge of Fat, Oil and Grease directly into the waterways. There is a vibrant sailing, fishing and rowing community in this area, all of whom will see the rapid degradation of the waters which they use for their activities. We urge you to apply all available scrutiny and diligence to the evaluation of the impact of this endeavor before it is too late.

Regards,

Colm and Jean Long
