Submission on Licence Application by Dairygold Co-Operative Society Ltd

I am strongly opposed to the Licence Application made by Dairygold to pump effluent into East Ferry. I'm very concerned as to the impact the pumping of effluent will have on fish stocks in East Ferry and in Cork Harbour in general.

I am a very keen angler and specialise in bass angling. I've been fishing in the area for the last 40 years. East Ferry, in particular, is well renowned in angling circles for its bass fishing. I've written several articles on it and promoted the area and its fishing for many years. Over that time, I have taken many foreign anglers to East Ferry to fish for bass.

I'm now very concerned as to the detrimental effect that Dairygold's proposal will have on the fishing and fear that visiting anglers will no longer come to the area, undermining years of invaluable work in promoting the bass angling in Cork Harbour.

Pat O'Shea
