Subject: RE: S0012-03 Dumping at Sea Application - Port of Waterford Company - Exclusion zones attached

Hi Ciara,

I confirm that it is the correct one, and co-ordinates are also the ones we supplied to POW. The second chart confirms that one, as it relates to a more recent survey based on those co-ord.

Regards,

Connie

Subject: RE: S0012-03 Dumping at Sea Application - Port of Waterford Company - Exclusion zones attached

Hi Connie,

Could you please confirm that of the two attached maps, the one that most accurately describes the exclusion zone in Duncannon Channel with respect to the Port of Waterford Company permit application for loading and dumping activities is:

- Area shaded Red in map entitled 'Duncannon licensed Dredge Channel and Exclusion zone Boundaries'.

I will include the co-ords as well but I just want to make certain that I refer to the correct map of exclusion zone.

Thanks,

Ciara

Apologies Ciara,

I forgot the exclusion zone locations. See attached 2 pdfs and then specifications of co-ords.

Best regards,

Connie

Subject: RE: S0012-03 Dumping at Sea Application - Port of Waterford Company

Thanks Connie,

I just missed you today when I rang. I just wanted to check if you have a map/drawing of the Exclusion Zone that we could refer to for Port of Waterford S0012-03?

I see that the previous permit referred to the map provided for the last permit attached to your submission here http://www.epa.ie/licences/lic_eDMS/090151b2804ccc6d.pdf.

4 A.5 Exclusion zone

Applicable Areas	Prohibited Activity	Reason for Exclusion Zone
The exclusion zone extends to 250 m north and 100 m south (total 350 m N-S) and 40 m east and 60 m west (100 m E-W) of the centre point 52° 11.563' N, 06° 56.407' W, as outlined in the map submitted to the Agency on 27 th January 2014 by the Department of Culture, Heritage and the Gaeltacht as part of the permit application process.	All loading and dumping activity.	The protection of the protected wrecks sites at Duncannon Channel.

Alternatively, would it be enough for me to simply describe it as below?

The exclusion zone extends to 250 m north and 100 m south (total 350 m N-S) and 40 m east and 60 m west (100 m E-W) of the centre point 52° 11.563' N, 06° 56.407' W.

I will give you a ring tomorrow if you are in the office to discuss.

Regards,
Ciara

Hi Eve,

Please see attached, new draft conditions for the Permit which should clear up the misunderstanding. I have highlighted the changes in red. We do not require the areas that have been previously archaeologically monitored to be so, just new areas.

Please get back to me should you have any further queries.

Subject: S0012-03 Dumping at Sea Application - Port of Waterford Company

Dear Sir/Madam,

The EPA is currently assessing the Dumping at Sea application for a proposal to undertake loading and dumping activities in the River Suir and Waterford Estuary, Co. Waterford.

In response to comments received from the Dept. of Culture, Heritage and the Gaeltacht 13/12/2018 regarding Underwater Archaeology (see DCHG comments [here](#)), the Applicant has responded with the attached Unsolicited Further Information, received 22/01/2019.

The full dumping at sea application is available to view on the EPA website [here](#).

I would be grateful if you could review the attached response and return any comments on same. The Agency will have regard to any comments made in accordance with the Dumping at Sea Act 1996, as amended.

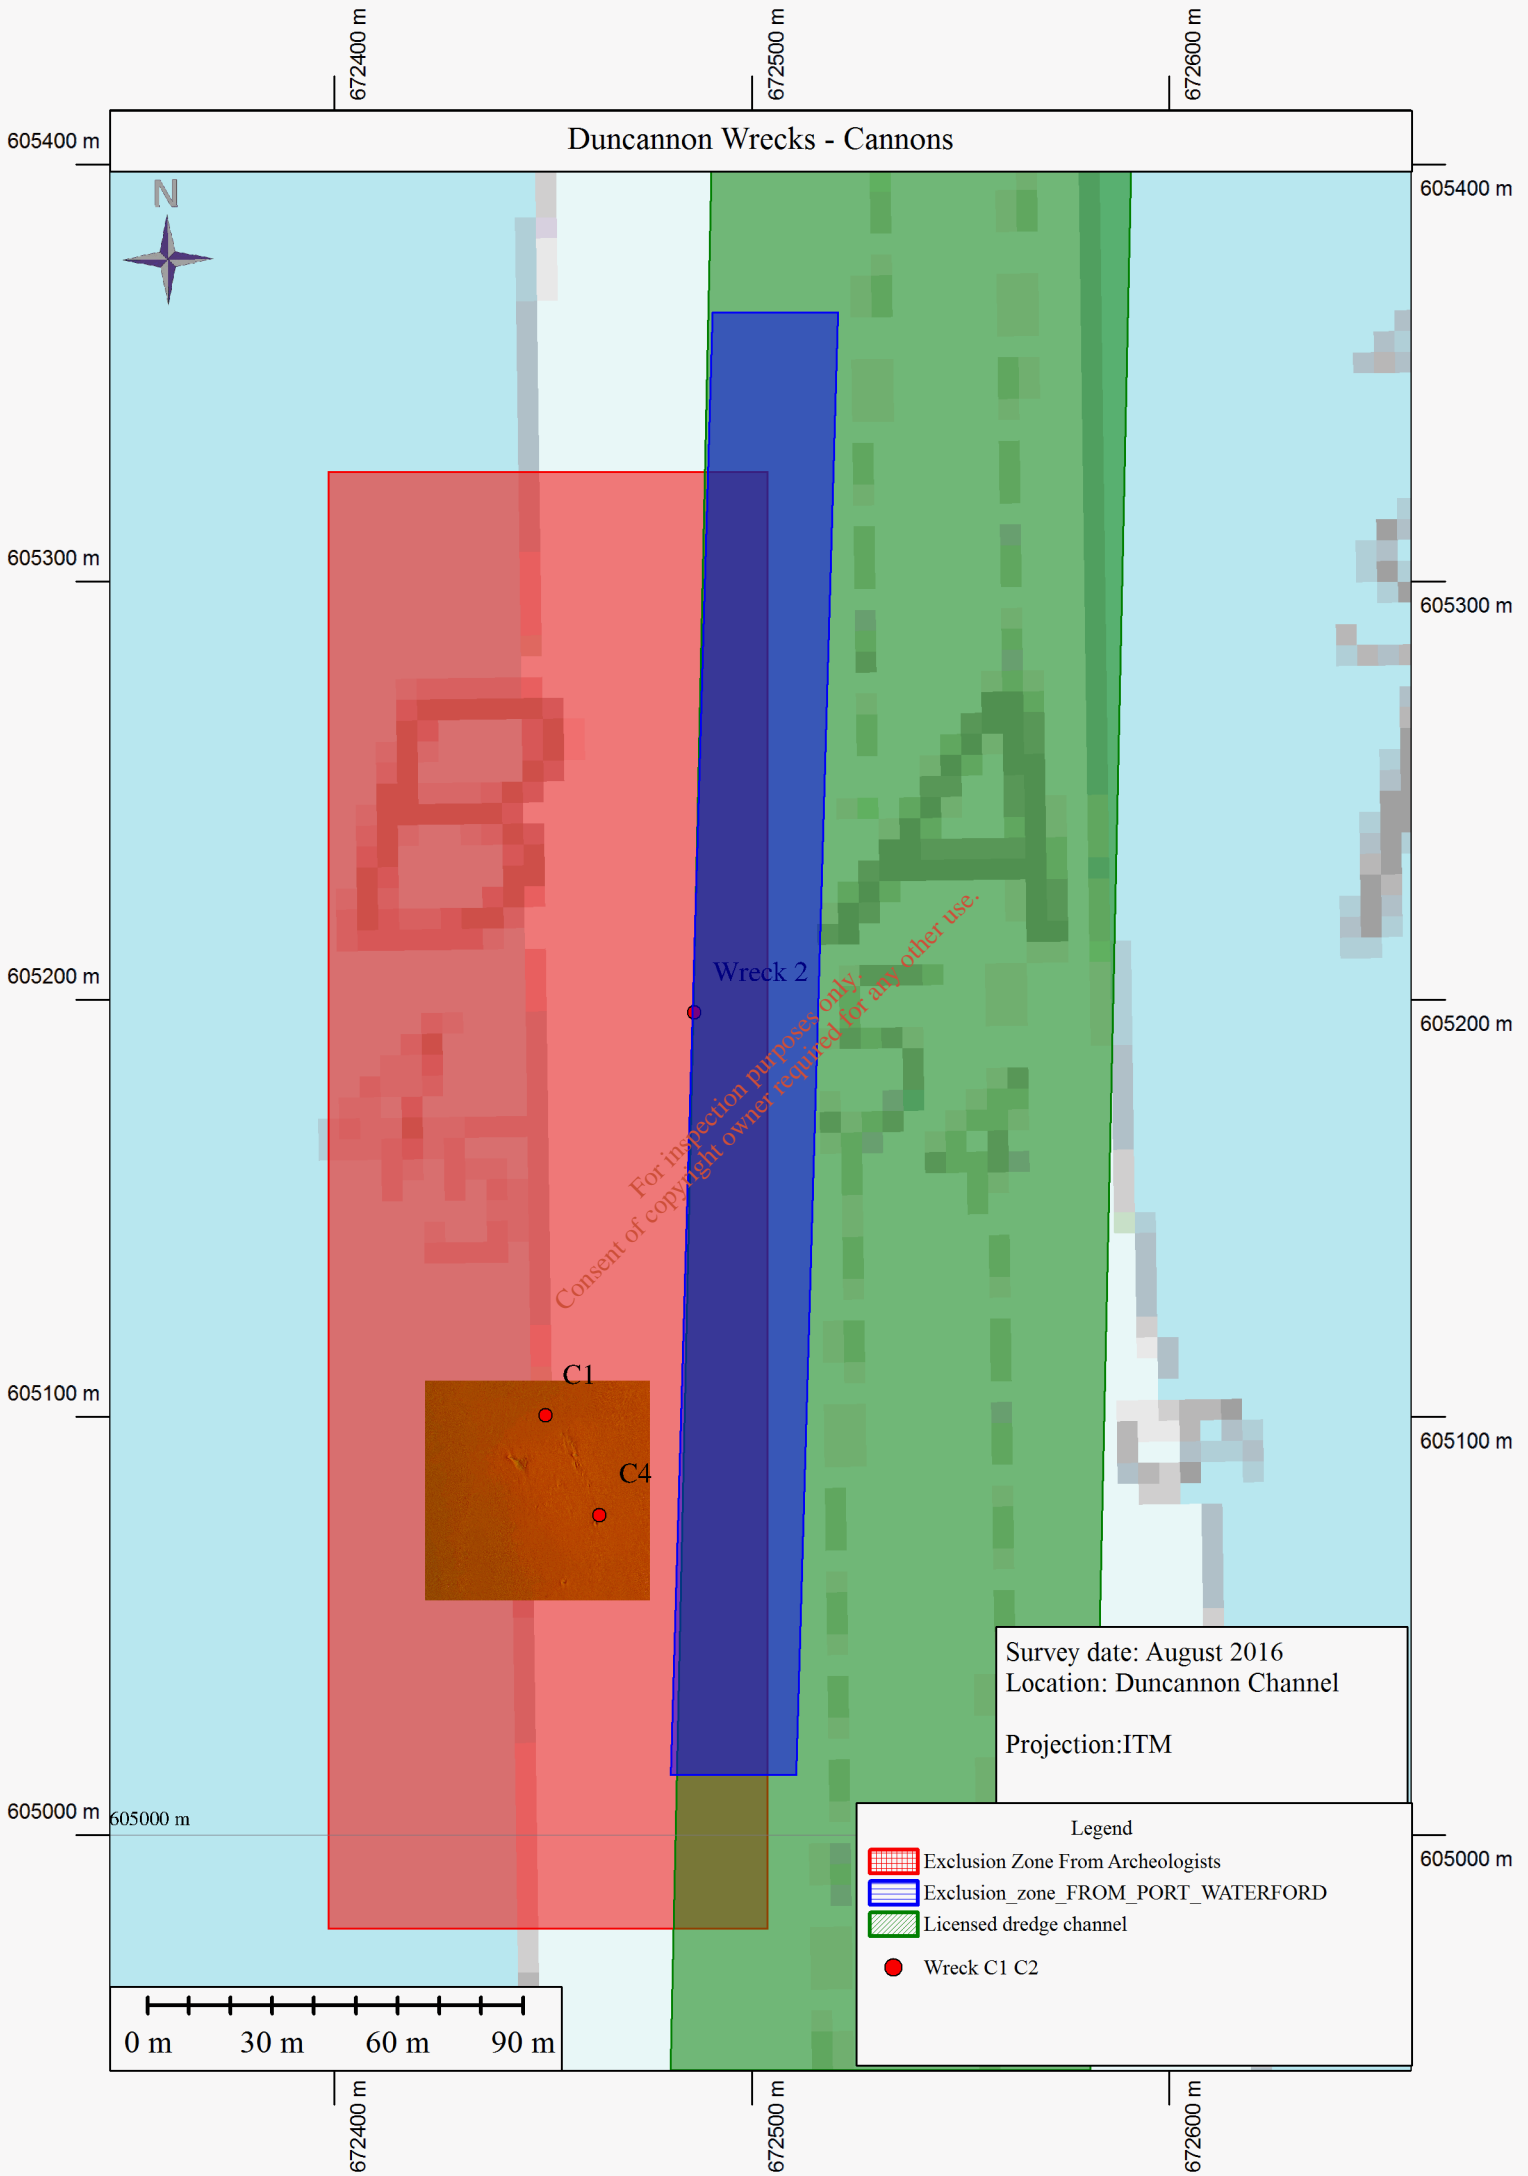

Please use the register number of the Dumping at Sea Permit application, S0012-03, in any further communication in respect of same. Please address correspondence to the *Environmental Licensing Programme, Environmental Protection Agency, P.O. Box 3000, Johnstown Castle Estate, County Wexford.*

Please note that there is no requirement for you to acknowledge receipt of this letter.

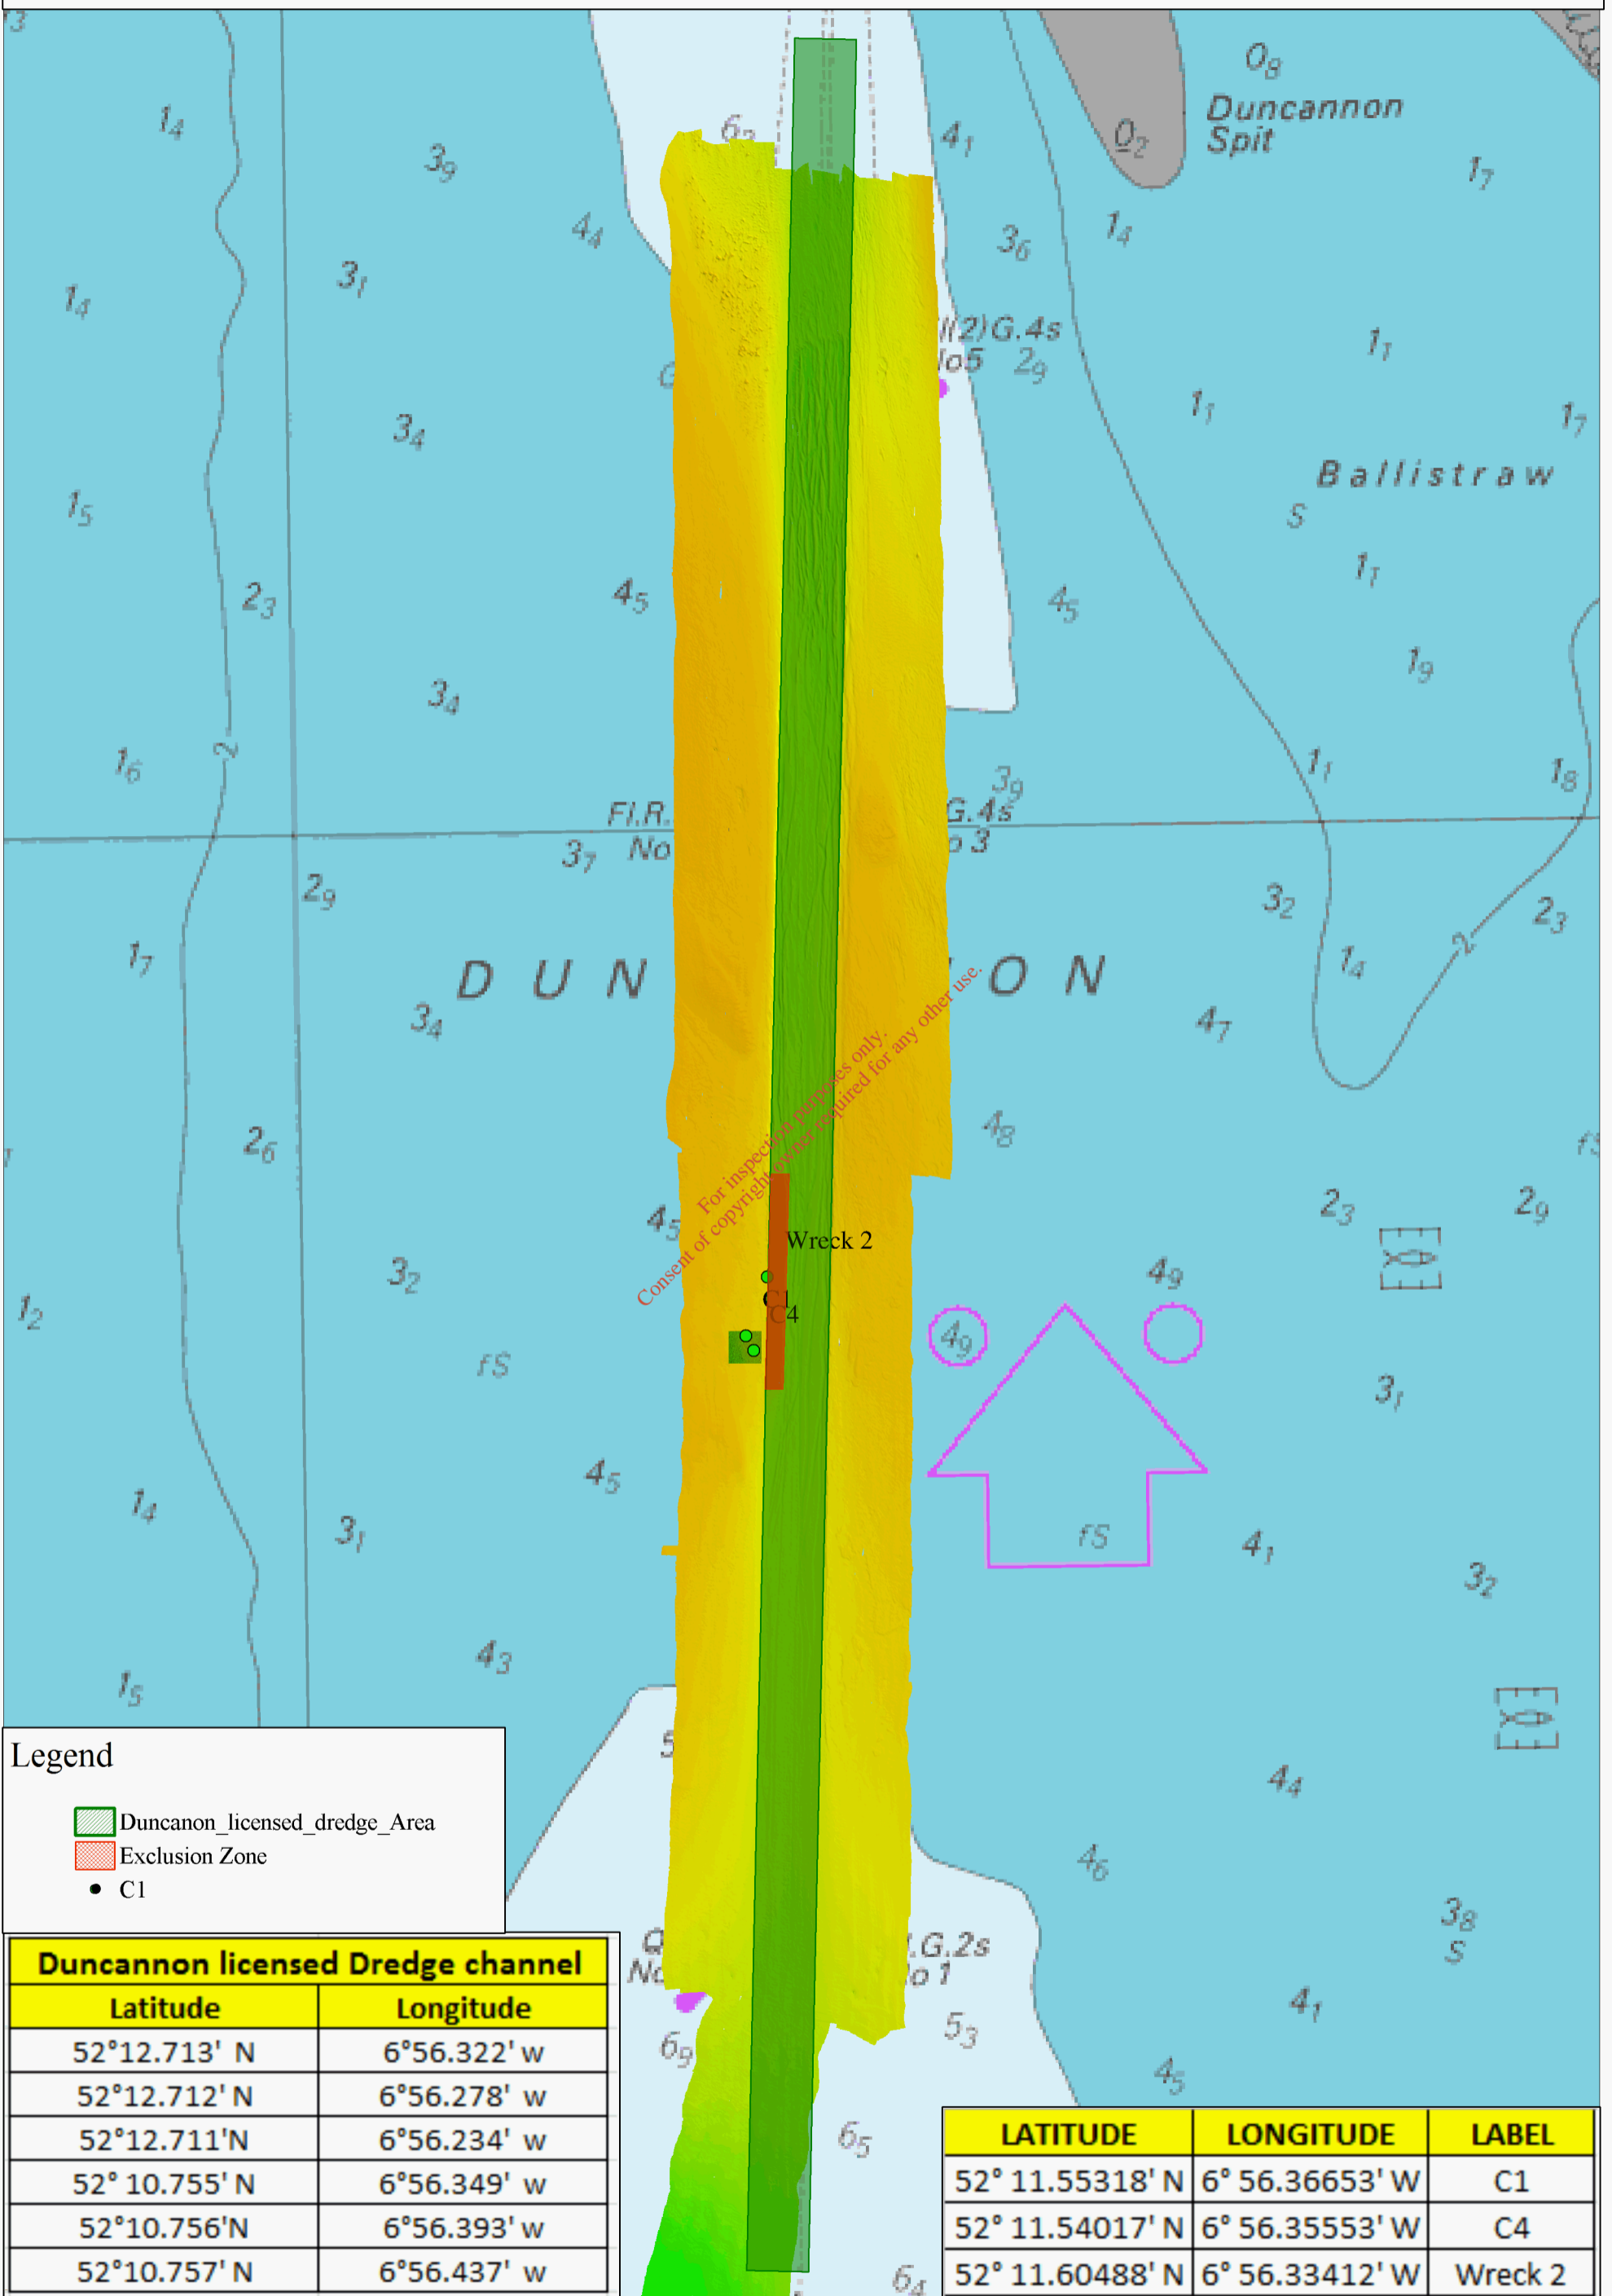

Regards,

Eve O'Sullivan
