Dear Sir/Madam

I write in relation to your letter dated 5 November 2019, concerning the above, and set out hereunder the Council's reply:

1. From inspection of the Planning file we can only conclude that the activity for which the licence application relates, "the rearing of poultry in installations where the capacity exceeds 40,000 places", is permitted by the grant of planning permission under Planning Ref. 19/231, subject to compliance with the conditions of that permission. It is noted that a holding map of 60 hectares has been supplied to facilitate the subject development of 60,000 birds granted permission under Planning Ref. 19/231.
2. All documents relating to the Planning Application may be accessed by clicking 'View Scanned Files' on the attached link.

3. The Council has no further observations to make in relation to this licence application.

Yours faithfully

Planning Section  
Louth County Council
