Dear Sir/Madam,

I am writing to object to the granting a licence by the EPA to Dairygold to dispose their waste into the Water at East Ferry.

There is plenty of information that this pipeline will damage the harbour environment and all the wildlife it contains given in submissions of objection about this project. I support the submissions being made to the EPA objecting to this project and I think it's shameful to the name the '**Environmental Protection** Agency' that this project should be given the green light. Granting this license to Dairygold is not protecting the environment.

Sincerely,
Sally Waterman
