Dear EPA

Submission for P1126-01
Rosedale Ltd.
Ballynabarna

I would like to make a submission regarding the odours from this facility.

In recent months with work an increase in capacity the stench has become unbearable.

most evenings & particularly in an easterly - the stench is stomach churning.

I request the EPA include odour treatment or systems as a requirement.

Since construction and increase in capacity the smell is deplorable. I note the HSE submission of moderate odours. It can be experienced from Ballynabarna to Clonharney Monaghan.

The sister facility at Little Rye has bombarded residents for years, I request in granting this licence the EPA require the company to mitigate or remove or cover odours & employ BAT & technology to stop nuisance nearby residents.

Kind regards

Luca Munn

Ballynabarna

06 May 2020.
