**23 July 2020**

Dear Sir/Madam,

I refer to EPA correspondence dated 12<sup>th</sup> March 2020 regarding an Industrial Emissions licence application submitted by Minch Malt Limited for their facility located at The Maltings, Athy, Co. Kildare.

Having reviewed the licence application submitted by Minch Malt Limited, Irish Water have, on the basis of the information that has been provided as part of the licence application, concluded that, no consent to discharge to sewer in accordance with Section 99E of the EPA Act 1992, as amended is required, or consented to.

In the case of a future emergency occurring at the site, Irish Water would at that point in time take under consideration a request to temporarily discharge trade effluent from the site to the sewer.

Yours sincerely
