Subject: P1112-01 Bausch & Lomb ammendment to consent response request EIMS:0680520

Good afternoon,

Further to recent correspondence received from Bausch & Lomb in relation to the Emission to Sewer section of their IE licence application, Irish Water would like to request that the limit for maximum volume of trade effluent emitted in any one hour be increased from 17.5 m3/hr to 27.5 m3/hr under Emission Point Reference No: SE2 of Schedule B: Emission Limits of the original response.

Kind Regards,

Andrew England
