To whom it may concern,

Re- Application to Environmental Protection Agency for Licence Review by “Ashley Farms” Ltd.
Ashley House, Ballinameela, Dungarvan, Co. Waterford. National grid no. ITM 616314594745.

After trying to liaise with the above farm owners for many years to no avail , I am now lodging an objection to granting of retention licence.

The nearest pig unit stands 130 mtrs. From the rear of our dwelling house and farm yard.

We have suffered consistently over the years from extremely foul odours We're unable to entertain family or friends in the house or garden especially when wind is westerly (which is the prevailing wind) or on calm days with no wind.

These problems can be verified with “ Mr. Billy Shanahan “ who works with the” EPA” and has visited the site previously and can be contacted on [REDACTED] .

Yours Faithfully,

Patrick and Georgina O Keeffe.
