Dear ???,

Can you please send me the links to the specific documents listing the locations and the quantities involved? Which attachments are they?

Thank you.

Margot

Dear Margot,

Re: Application for a Dumping at Sea Permit from Dublin Port Company, Permit Register No S0024-02

With regard to the above referenced Dumping at Sea permit application from Dublin Port Company, we note that the sediment sampling was carried out in August 2018. In accordance with the OSPAR Guidelines for the Management of Dredged Material at Sea (OSPAR 2014-06) the sediment sampling programme should be repeated every three years. To this end could you please advise the Agency of the requirement for a revised sampling plan in this instance.

Regards
