Subject: pontoon at checkpoint

dear sir or madam

The legality of the installation as of today 1-6-22 at checkpoint quay a pontoon without a valid NIS and without a EPA dredging licence to alleviate the restricted access to checkpoint quay that it causes- see port of Waterford dredging application EPA SOO12-04 AND technical amendment to SOO12-03 APPLICATION see also my submissions on each file I would appreciate a reply with the EPAs position on the matter

yours sincerely
pat moran
