To Whom it may concern,

I wish to voice my objection to the expansion to the ABP rendering plant in Ferrybank Waterford. As a home owner working hard to pay my mortgage it has been a big inconvenience to be living with the disgusting smell that can emanate from this plant with the added problem of the amount of trucks using the small local road that leads to it. As a tax paying citizen (including property tax) I am not happy that it's even being considered to increase the amount of animal waste heading to this plant. The trucks are not leakproof and animal carcass can end up on the road. The smell is so bad that it gets right into my house and I wonder what is is doing to the quality of air in the area. Please take this matter seriously and consider the quality of life of the people affected.

Aoife O Donoghue
