My submission is with regard to the rendering plant, ABP in Christendom, Ferrybank. I live close by in the Christendom Estate and there is a horrendous odour coming from the plant and the lorries that pass by each day. The smell is stomach churning. Some of the lorries leave some of their load on the roads too and have, on a couple of occasions while I was driving behind one, dropped a foul smelling sludgy substance on the bonnet of my car. I can't use my garden some days as the smell is so foul. My quality of life is definitely affected by the smell. There are many days where I can't even open my windows.
