To Whom It May Concern,

Please see below response from Kilkenny County Council re P 0040-03 Anglo Beef Processors Ireland t/a ABP Proteins Waterford.

In relation to the intensification proposed please advise that an increase from 350 to 600 tonnes per day is a significant intensification and requires planning permission. The Planning Authority recommends that the EPA request the applicant to provide proof that the required planning permission is in place to facilitate the significant intensification of use before granting any IPC licence. These comments have been included in an earlier response to you from the Environment Section of Kilkenny County Council.

Kind Regards,
Sarah Kelly.
