## Complaint Description and Location

**Complaint Detail:** During the warm weather the smell out of ABP waterford proteins is disgusting, I cannot leave my clothes on the line as the smell gets on them and I have to close the windows so the smell doesn't come in the house. Sometimes the lorries are not secured correctly, bits of animals waste comes on to the road or the smell is nauseating to drive behind or walk near. I cannot believe that is healthy to live near and I cannot understand how it is allowed in such a highly populated area with two schools nearby. This issue occurs on and off over the summer months

**Complaint Location:** Ferrybank
