## Complaint Description and Location

**Complaint Detail:** The proposal for increasing output at Anglo Beef Processors Ireland Unlimited Company by 60 percent makes no sense. Countless objections have been made over the years to the relevant councils viz Waterford and Kilkenny to the EPA and the government about foul smelling odors emitting from the plant , about leaking sewage and body parts of decaying animals being allowed to fall from trucks. Enough is enough . The interests of The Anglo Beef processors must not supersede the welfare of the residents in Christendom. The elected representatives in a democracy must exercise their power on behalf of their constituents. The councils- on Waterford and Kilkenny and the Environmental Protection Agency too must act -it's now or never signed [REDACTED].

**Complaint Location:** Waterford
