Good morning,

Please see below response.

In section 11.4.1.3 'Construction stage' it mentions permanent stripping of grassland cover and permanent removal of some remnant hedgerows. At the very least replacement hedgerow should be planted. On agricultural land the requirement is plant replacement hedgerow twice the length of what is proposed to be removed prior to removal.

*Aside from that, once relevant environmental and planning regulations are met, DAFM has no further comment at this stage of the consultation process.*

Regards

Environmental Co-ordination Unit
