SUBMISSION

THERE IS NO NEED TO ACKNOWLEDGE THIS SUBMISSION.

It is sent as some people seem to have difficulty in reading Courts of Justice of the European Union docs from the reference no.

The decision in the Courts of Justice of the European Union judgement Cases C-29317 and C-29417, finds.

On those grounds, the Court (Second Chamber) hereby rules:

- Article 6(3) of Council Directive 92/43/EEC of 21 May 1992 on the conservation of natural habitats and of wild fauna and flora must be interpreted as meaning that the grazing of cattle and the application of fertilisers on the surface of land or below its surface in the vicinity of Natura 2000 sites may be classified as a 'project' within the meaning of that provision, even if those activities, in so far as they are not a physical intervention in the natural surroundings, do not constitute a 'project' within the meaning of Article 1(2)(a) of Directive 2011/92/EU of the European Parliament and of the Council of 13 December 2011 on the assessment of the effects of certain public and private projects on the environment.**
