Subject: Application S0012-05.
Date: Monday 25 March 2024 12:11:09

To whom it may concern,

I wish to make a submission in support of Port of Waterford's Dumping at Sea Application S0012-05.

SSE Generation Ireland Ltd. operates the Great Island Power Station in Co. Wexford. The power station is located at Great Island, Campile, Co. Wexford Eircode: Y34KC62, on the Co. Wexford bank of the River Barrow at the confluence of the Rivers Barrow and Suir.

The power station generates approximately 8.3% of the current maximum national demand for electricity.

Accordingly, Great Island Power Station is a critical asset to the state.

Given that our understanding is that dredging is necessary to maintain navigation in the shipping channel, which is necessary for continued long-term operation of the power station in Great Island, SSE supports this application of the Port of Waterford.

Regards,

Padraig Dunleavy.
