ATTACHMENT F5 – GROUNDWATER MONITORING AND SAMPLING

Baseline groundwater monitoring data is presented in Section 6 and Appendix 6G of the Environmental Impact Statement.

Predicted impacts of leakage from the engineered landfill on the groundwater aquifer are presented in a report entitled 'Simulation of Proposed Landfill using LandSim' prepared by Mouchel Parkman which is reproduced as Appendix 6M of the Environmental Impact Statement.

Details of the groundwater monitoring and sampling to be undertaken as part of the proposed remediation scheme are provided in Section 2.7.4 of the Environmental Impact Statement.

Proposed groundwater monitoring locations are identified in Figures No. 2.11 and Figure 2.12 of the Environmental Impact Statement. They are also shown on Drawings F1 and F2 in Attachment F2.
