ATTACHMENT F9 – LANDFILL GAS MONITORING

Baseline landfill gas monitoring data is presented in Section 7 of the Environmental Impact Statement and Section 5 / Appendix I of the Environmental Risk Assessment (reproduced in Appendix 6A of Environmental Impact Statement)

Predicted landfill gas volumes / concentrations / dispersion at and from the proposed engineered landfill are presented in the Air Dispersion Modelling Report prepared by Mouchel Parkman which is reproduced as Appendix 7A of the Environmental Impact Statement.

Details of the landfill gas monitoring and sampling to be undertaken as part of the proposed remediation scheme are provided in Section 2.7.5 of the Environmental Impact Statement.

The proposed landfill gas monitoring locations (passive vents) are identified in Figure No. 2.12 of the Environmental Impact Statement. They are also shown on Drawing F2 in Attachment F2.
