DISCHARGE OF EFFLUENT TO WATERS

Grangemont Holdings Ltd. are applying to Kildare County Council for a licence to discharge treated effluent from retail development at **Jiggins-town, Co. Kildare**, to the surface water system adjacent to the site. 13526089/SF23966

Application to the Environmental Protection Agency for the Review of a Waste Licence

Notice is hereby given in accordance with the provisions of the Waste Management Acts 1996 to 2001 and the Waste Management (Licensing) Regulations 2004 that **Neiphin Trading Ltd., No. 3 Broomhill Business Complex, Broomhill Road, Tallaght, Dublin 24**, will submit an application for a Waste Licence Review for an Integrated Waste Management Facility, including a landfill for non-hazardous waste, located in the townland of **Kerdiffstown, County Kildare** (National Grid Reference E291300, N222250).

The quantity and nature of wastes involved are the acceptance of 100,000 tonnes/annum of commercial and industrial wastes, 200,000 tonnes/annum of construction and demolition wastes and the excavation of 330,000 tonnes/annum of wastes onsite. Wastes to recovery involves 447,000 tonnes/annum. Wastes for disposal involve 183,000 tonnes/annum.

The principal activity, at the site, as specified in the Third Schedule to the Waste Management Acts 1996 to 2001 and the Protection of the Environment Act 2003 is as follows: "5. Specifically engineered landfill, including placement into lined discrete cells which are capped and isolated from one another and the environment."

Other activities carried out at the site, as specified in the Third Schedule to the Waste Management Acts 1996 to 2001 and the Protection of the Environment Act 2003 are as follows:

"1. Deposit on, in or under land (including landfill)."

"4. Surface impoundment, including placement of liquid or sludge discards into pits, ponds or lagoons."

"6. Biological treatment not referred to elsewhere in this Schedule which results in final compounds or mixtures which are disposed of by means of any activity referred to in paragraphs 1 to 5 or paragraphs 7 to 10 of this Schedule."

"11. Blending or mixture prior to submission to any activity referred to in a preceding paragraph of this Schedule."

"12. Repackaging prior to submission to any activity referred to in a preceding paragraph of this Schedule."

"13. Storage prior to submission to any activity referred to in a preceding paragraph of this Schedule, other than temporary storage, pending collection, on the premises where the waste concerned is produced."

Other activities carried out at the site, as specified in the Fourth Schedule to the Waste Management Acts 1996 to 2001 and the Protection of the Environment Act 2003 are as follows:

"2. Recycling or reclamation of organic substances which are not used as solvents (including composting and other biological transformation processes)."

"3. Recycling or reclamation of metals and metal compounds."

"4. Recycling or reclamation of other inorganic materials."

"11. Use of waste obtained from any activity referred to in a preceding paragraph of this Schedule."

"13. Storage of waste intended for submission to any activity referred to in a preceding paragraph of this Schedule, other than temporary storage, pending collection, on the premises where such waste is produced."

A copy of the application for the review of the Waste Licence and such further information relating to the application as may be furnished to the Agency in the course of the Agency's consideration of the application will, as soon as practicable after receipt by the Agency, be available for inspection or purchase at the headquarters of the Agency. 13526037/MR

Supply Board intends to apply to Athy Town Council for permission to construct part of the Athy 110kV Loop Line.

The proposed development will be carried out over the townland of **Woodstock, Co. Kildare**, Athy Town Council. This will involve approximately 300 meters of double circuit 110kV earthwire line and approximately 1,260 meters of single circuit 110kV earthwire line. The double circuit section will comprise of 3 lattice steel towers of maximum height 32m.
