**Re: Bailing Station conducted by Oxigen Environmental Ltd. at Robinhood Industrial Estate,  
Ballymount, Clondalkin, Dublin 22.**

Dear Sir/Madam,

Bord na Móna Environmental Limited have been commissioned by Oxigen Environmental Ltd., to undertake a revision of the existing waste licence and subsequent Environmental Impact Statement (EIS), for their bailing station at Robinhood Industrial Estate, Ballymount, Clondalkin, Dublin 22.

Oxigen Environmental Ltd. currently operates a bailing station at the facility, which is operated in accordance with a waste licence (Reg. No. 152-1). This facility currently accepts 24,600 tonnes of waste, which consists of commercial, industrial, household and construction and demolition. It is proposed under this revision to increase the volume accepted to 160,000 tonnes of household waste only. Waste shall be accepted on site, inspected and then bailed for final disposal. The bailing station operations will be designed to meet the Environmental Protection Agency's '*BAT Guidance Notes for the Waste Sector: Treatment Activities*' (Draft, November 2003).

Under Part 2 of Schedule 5 of the Planning and Development Regulations, 2001 '*Installation for the disposal of waste with an annual intake greater than 25,000 tonnes...*' requires the completion of an Environmental Impact Statement. In preparation of the EIS, due regard will be paid to the '*Advice Notes on Current Practice in the preparation of Environmental Impact Statements*' and '*Guidelines on the Information to be Contained in Environmental Impact Statements (March 2002)*' issued by the Environmental Protection Agency and the requirements of the Planning and Development Regulations, 2001 (S.I. No. 600 of 2001).

Bord na Móna Environmental Limited would, therefore, be grateful if you could provide any information relevant to the proposed development that you may hold and/or highlight any issues that you feel should be addressed in the EIS. As you are the central office for your organisation, you may also wish to involve your regional or local office, if you deem it appropriate. For your information, it is proposed to submit the completed revised waste licence application and supporting Environmental Impact Statement to the Environmental Protection Agency by September 2004.

Thanking you in anticipation of your co-operation in this matter.

Yours faithfully,

**Ms. Naoimh Conneely**

Dear Ms Conneely

**REF: Baling station conducted by Oxigen Environmental Ltd at Robin Hood Industrial Estate, Ballymount, Clondalkin, Dublin 22**

Before considering this proposal, information is required to establish compliance with all of the conditions attached to Waste License 152/1 and to confirm that all waste handled by Oxigen Environmental Ltd and associated companies is disposed of in legally a compliant manner and in particular, to legally compliant sites in accordance with both Irish legislation and relevant EU Directives.

Yours sincerely

re: Baling station conducted by Oxigen Environmental Ltd at Robinhood Industrial Estate, Ballymount, Clondalkin, Dublin 22

Dear Ms Conneely

In reference to your correspondence dated 11/08/04 regarding any issues to be addressed in the EIS for a baling station to be operated by Oxigen Environmental Ltd at Robinhood Industrial Estate, Ballymount, Clondalkin, Dublin 22.

The Agency would refer you to our guidelines: *Advice Notes on Current Practice (in the preparation of Environmental Impact Statement)* and *Guidelines on the Information to be Contained in Environmental Impact Statements*. Furthermore the Agency suggest that the EIS details the environmental management structures/systems to be used at the facility to ensure that the facility is operating in accordance with best practices.

Yours sincerely,

24.08.2004

Dear Ms. Conneely,

I refer to your correspondence regarding the above, received by Dublin City Council on 12 August 2004. I wish to advise that the Waste Management Services Section of Dublin City Council has no objection to the proposed changes at the above facility.

Your correspondence has been brought to the attention of the Drainage and Environment and Culture Sections of Dublin City Council. They have been requested to send their comments on the application directly to you.

Yours sincerely,

Janet Lynch  
A/ Assistant Engineer
