- "7. Physico-chemical treatment not referred to elsewhere in this Schedule which results in final compounds or mixtures which are disposed of by means of any activity referred to in paragraphs 1 to 5 or paragraphs 8 to 10 of this Schedule (including evaporation, drying and calcination).

Other relevant activities to be carried out under the Third Schedule of the Waste Management Act, 1996-2003 include;

- "12. Repackaging prior to submission to any activity referred to in a preceding paragraph of this Schedule"
- "13 Storage prior to submission to any activity referred to in a preceding paragraph of this Schedule, other than temporary storage, pending collection, on the premises where the waste concerned is produced."

Relevant activities to be carried out on the site are specified in the Fourth Schedule of the Waste Management Act 1996 – 2003, as follows:

- "2. Recycling or reclamation of organic substances which are not used as solvents (including composting and other biological processes)."
- "3. Recycling or reclamation of metal and metal compounds."
- "4. Recycling or reclamation of other inorganic materials."
- "9. Use of any waste principally as a fuel or other means to generate energy."
- "13. Storage of waste intended for submission to any activity referred to in a preceding paragraph of this Schedule, other than temporary storage, pending collection, on the premises where such waste is produced".

In accordance with Part II, Article 6, Section (e) (i) and (e) (iii) of the Waste Management (Licensing) Regulation 2000 (SI No. 185 of 2000), a copy of the Waste Licence Review application and such further information relating to the application as may be furnished to the Agency in the course of the Agency's consideration will, as soon as it is practicable after receipt of the application by the Agency, be available for

inspection or purchase at the Headquarters of the Offices of the Environmental Protection Agency, P.O. Box 3000, Johnstown Castle Estate, Co. Wexford.

Yours sincerely

*Vivienne Gillen*
