**Re: Notice in accordance with Article 8 of the Waste Management (licensing) Regulations**

Dear Sir / Madam,

Further to the Agency's notice dated 8<sup>th</sup> April 2002, please find attached the following information as requested.

- An original plus five copies of the amended newspaper notice in accordance with article 6 of the Waste Management (Licencing) Regulations.
- An original plus five copies of a letter to the Environmental Protection Agency stating the date on which the amended site notice was fixed.
- A drawing showing the locations of the amended site notice.
- An original plus five copies of the text of the amended site notice fixed in accordance with Article 7 of the Waste Management (Licencing) Regulations.

I trust that the above is to your satisfaction, however should you require any additional information please do not hesitate to contact myself at the numbers listed below.

Yours Sincerely,

Laura Burke  
Projects Manager  
Indaver Ireland

APPLICATION TO THE  
ENVIRONMENTAL  
PROTECTION AGENCY FOR  
A WASTE LICENCE

The following is made in response to a notice from the Environmental Protection Agency in accordance with Article 8 of the Waste Management (Licensing) Regulations, Indaver Ireland (Branch of Indaver NV), 4 Haddington Terrace, Dun Laoghaire, Co. Dublin, intends to apply to the Environmental Protection Agency for a Licence. The principal class of activity under the Third Schedule of the Waste Management Act, 1996, as amended, is as follows:

8. Incineration on land or at sea.  
The following other activities will take place at the site:  
Third Schedule  
7. Physico-Chemical treatment not referred to elsewhere in this schedule (including evaporation, drying and calcination), which results in final compounds or mixtures which are disposed of by means of an activity referred to in paragraphs 1. to 10. of this schedule (including evaporation, drying and calcination).  
12. Repackaging prior to submission to any activity referred to in a preceding paragraph of this Schedule.  
13. Storage prior to submission to any activity referred to in a preceding paragraph of this Schedule, other than temporary storage, pending collection, on the premises where the waste concerned is produced.

Fourth Schedule

2. Recycling or reclamation of organic substances which are not used as solvents (including composting and other biological transformation processes).  
3. Recycling or reclamation of metals and metal compounds.  
4. Recycling or reclamation of other inorganic materials.  
6. Recovery of components used for pollution abatement.  
9. Use of any waste principally as a fuel or other means to generate energy.  
13. Storage of waste intended for submission to any activity referred to in a preceding paragraph of this Schedule, other than temporary storage, pending collection, on the premises where such waste is produced.

The application relates to the proposed waste management facility at Carranstown, Co. Meath - National Grid Reference 30C3E 2709N. A copy of the application for the licence may be inspected at or obtained from the headquarters of the Agency at Johnstown Castle Estate, Co. Wexford as soon as it is practicable after receipt by the Agency of the application for the licence.

The application is being accompanied by an Environmental Impact Statement (EIS). The EIS together with any further information relating to the application, as may be furnished to the Agency in the course of the Agency's consideration of the Application will also be available from the headquarters of the Agency. A copy of the EIS has already been submitted to Meath County Council as part of the Planning Applications.
