Dear Ms. Vaughey,

During our most recent audit, we received a non-compliance in relation to the acceptance of Placenta Waste for disposal at our facility. Since then, we have advised all generating sites to stream placenta waste for disposal by incineration only.

Subsequently, a number of generating sites have specifically requested that we accept placenta waste for treatment. Therefore, I am writing to formally request that the acceptance of placenta waste be included in our application for a review of Waste License 55-1.

Should you require any additional information, please do not hesitate to contact me.

Yours sincerely,

Joseph M. Lynch
Operations Manager (Irl)
