Re: Waste Licence Applications for Listowel and Dingle Civic Amenities

Dear Sir/Madam:

Please find attached original copy and duplicates of Waste Licence Applications for the above-mentioned facilities.

Please note that dust, noise and surface water monitoring at both the proposed site for Listowel Civic Amenity and the proposed Dingle Civic Amenity is ongoing at the time of forwarding these applications.

Therefore, monitoring results are not included in the applications. These will be forwarded to the Agency within two to three weeks.

Please find enclosed two cheques of €20,000 each for application fees for both applications.

Thank you and regards

Helen Griffin
