**Note 1: The above list is subject to annual written approval by the Agency following submission of a NMP by the licensee. The list may be changed by the Agency following the submission of additional/new information by the licensee.**

This approval is contingent on the landspreading of waste from your activity being arranged in accordance with an Agency approved Nutrient Management Plan (NMP), and in compliance with the relevant landspreading conditions of your licence. Please be advised that any additions to these client lands must be agreed in writing in advance with the Agency.

Yours sincerely
