**Re: Further Response to the Article 14(2)(b)(ii) of the Waste Management
(Licensing) Regulations**

Dear Ms. Cooney,

Please find detailed below the following information as requested by the Agency in accordance with sections 40(4)(f) of the Waste Management Acts 1996-2003.

Oxygen Environmental Ltd. wish to advise of the following:

- Energy will be used efficiency at the facility for the completion of all waste management activities.
- An Environmental Management System (EMS) will develop and implement for the facility once it is operational. The EMS will include energy conservation and the establishment of targets to minimise energy wastage.

I trust you find this to your satisfaction. If you have any queries please do not hesitate to contact me.

Yours sincerely,

Ms. Sarah Casey
