Review of licence. Chanbulogue  
re. Authority application EDENDERRY  
- BORD NA MANA re. to offshy  
depositing ash from 087-2652926  
mixed fuels including heat stress agent.

DEAR SIR / Madam.

I am making  
an objection re: ~~Review~~ Review  
of licence of BORD NA MANA dumping ash  
from burning mixed fuels  
including that of ment and some  
metal etc on the following  
grounds

For inspection purposes only  
Consent of copyright owner required for any other

1) The proposed dumping of  
ash from mixed fuels  
burned at EDENDERRY POWER  
is a HEALTH HAZARD as  
shows are still toxic

as they leave the power station and wagons of live it should distance from existing ash repository, even existing ash ponds to show onto my land, I have complained to Board of Manu Environmental officer but he refused to believe me.

3) If this permission is given, it will open up the floodgates of other more toxic waste to be present at Federal power station

4) At the moment the proposed burning of mixed waste including manure and bone meal is causing a lot of non necessary

the community, the staff  
from banking in the  
Division of our / assets  
of what would be sell  
it you, the huge traffic with trucks <sup>in the</sup>  
transferring <sup>to bank</sup>

5) A/R ready BORD NA MHA  
MONTA is ending  
the board will of the  
community, if this planning  
is given, it will be public  
industry not

6) BORD NA MONTA is in  
A/R ready negotiations  
with EPD/ENR/ power  
to say the power station  
if they buy it they will  
have complete control  
from sourcing in need of  
no burning it - to  
depositing ash from

mixed fuels to  
existing ash  
disposal (which allows  
ash from that  
burning only.

My objection is  
valid and sincere,  
I am greatly concerned  
for my health, and  
that of my animals, the  
loss of value of my lands  
etc.

Yours faithfully

Ray McPherson  
(Local Farmer)

P.S Please let me know by please in  
letter regarding heretofore if they are  
given permission or not. - Thank you
