Re: Waste Licence reg. No. 131-2

Dear Mr Flynn,

Further to your letter received by the Agency on the 30/01/06, in which you seek clarification in relation to Schedule C.3.1 Control of Emissions to Sewer of your Waste Licence Reg. No. 131-2.

The Agency acknowledges that the foul water collected on-site is transported off site by tanker to the Local Authority operated Waste Water Treatment Plant. Therefore the requirement of Schedule C.3.1 Control of Emissions to Sewer in relation visual inspection of the discharge to sewer is not appropriate at this time.

Yours sincerely,

Patrick Byrne
