3<sup>rd</sup> November 2005

Reg. No: 757

Dear Ms. Casey

I am to refer to your review application for an IPPC licence, Reg. No 757 which was initiated on the 8 July 2005, under class 3.3.2 of the First Schedule to the EPA Acts 1992 and 2003.

The Section 87(1)(b) notice which issued to you on 8 July 2005 stated that the review fee together with the review information requested be submitted within one month of the date of the notice. None of the requested information has been received by the Agency to date.

I refer to your letter dated 27<sup>th</sup> July 2005 requesting deferral of your review application until your corporate business demand planning process is reviewed and confirmed in early 2006. The Agency's response to this request was to advise you to withdraw your application for a review of your licence and resubmit it when you are in a position to furnish all the information required. Following on from your verbal agreement to withdraw your application, numerous telephone calls to yourself and Ms Aine Cleary took place requesting that you withdraw your review application. Not having received any correspondence regarding your review application, from you, since 28<sup>th</sup> July, 2005 the Agency is of the opinion that the review application has been abandoned. I enclose a Notice in accordance with Article 24 of the EPA (Licensing) Regulations 1994 to 2004.

If no submission is received within the time limit the review application will be regarded as having been abandoned.

Failure to provide the review information and fee within the time limit will also be regarded as indicating abandonment.

The Agency is empowered to treat the review application as abandoned even if a submission is made and/or the documentation furnished. You should therefore treat this notice as one of primary importance and possibly the last opportunity for you to comply with your statutory obligations.

Yours sincerely

  
Patrick J. Nolan  
Programme Manager  
Licensing Unit  
Office of Licensing & Guidance

## **NOTICE IN ACCORDANCE WITH ARTICLE 24 OF THE EPA (LICENSING) REGULATIONS 1994 to 2004**

Applicant: Honeywell International Technologies Limited, Unit 411, Industrial Estate, Cork Road, Waterford.

Register No: 757

WHEREAS the Environmental Protection Agency is of the opinion that this Integrated Pollution Prevention and Control Licence Review Application has been abandoned NOW TAKE NOTICE that you are hereby required to make a submission in writing to the Agency on or before the 16<sup>th</sup> November 2005 as to why the Integrated Pollution Prevention Control Licence Review Application should not be regarded as being withdrawn and FURTHER TAKE NOTICE that after the said date and after considering the submission (if any) made by you pursuant to this notice the Agency may declare that the Integrated Pollution Prevention and Control Licence Review Application shall be regarded as withdrawn.

Dated the 3<sup>rd</sup> November 2005
