

Extract from the 478th Meeting of the Agency, held on 7 March 2006, in Headquarters, Johnstown Castle Estate, Wexford.

8. Amended Recommended Decision on an application for a Waste Licence

***Licensee:* Brownfield Restoration Ireland Ltd
Whitestown Lower
Co Wicklow**

***Register of Licence No:* 204-1**

The Directors considered a recommendation from the Office of Licensing and Guidance, to approve the amended recommended decision to grant a Waste Licence. The following documentation was submitted: amended recommended decision; 124 third party submissions; summary report of the inspector. A copy of the licence application was tabled.

The Directors had previously considered a recommendation from the Office of Licensing and Guidance that they approve a recommended decision to grant a licence, at their meeting held on 13 September 2005. Following discussion, they had not accepted all of the Inspector's recommendations on the grounds that the proposed Licence did not adequately take account of the need for the immediate remediation of the site. It was decided that a revised document, incorporating the recommendations discussed at the meeting, would be prepared by the Office of Licensing and Guidance and submitted to the Directors for further consideration.

P Larkin gave a presentation.

Inspector's Report

The Directors noted the Inspector's Report, dated 2 March 2006.

Recommended Decision

The Directors considered the amended recommended decision and, following detailed discussion, did not accept all of the Inspector's recommendations. They deferred a decision pending further clarification of issues raised at the meeting.
