WASTE LICENCE TECHNICAL AMENDMENT

Waste Licence	152-1
Register Number:	
Licensee:	Oxigen Environmental Limited
Location of Facility:	Robinhood Industrial Estate, Robinhood Road, Ballymount, Dublin 22

DECISION & REASONS FOR THE DECISION

The Environmental Protection Agency (the Agency) is satisfied, on the basis of the information available, that subject to compliance with the conditions of Licence Register Number 152-1 granted on the 18th December, 2001, any emissions from the activity will comply with and not contravene any of the requirements of Section 40(4) of the Waste Management Acts 1996 to 2003.

Activities Licensed

In pursuance of the powers conferred on it by Section 42B(1)(c) of the Waste Management Acts 1996 to 2003 the Agency hereby amends Licence Reg No: 152-1 granted to Oxigen Environmental Limited, Robinhood Industrial Estate, Robinhood Road, Ballymount, Dublin 22.

The technical amendment is limited to the following conditions and Schedule of Licence Reg No: 152-1.

Technical Amendment

Conditions:

1. The integrity of the waste transfer building shall be maintained to prevent the uncontrolled release of ventilation air to the atmosphere.
2. Negative pressures shall be maintained throughout the waste transfer building to ensure that there is no significant escape of fugitive odours. The appropriate rates of air extraction shall comply with the requirements set out in ***Odour Control - A Consise Guide*** (Annex B) Prepared on behalf of the Department of the Environment 1980 (U.K.). Based on these figures the licensee shall submit proposals to the Agency for agreement for an air extraction system.
3. Air emission points shall be fitted with appropriate abatement and treatment to the satisfaction of the Agency.
4. Waste shall only be deposited within the confines of the waste transfer building.
5. Doors shall be close fitting and remain closed other than for the movement of personnel and materials, during the carrying on of the activity. Doors other than personnel doors shall have closing mechanisms fitted such that delivery/collection vehicles or personnel cannot over ride them and leave doors open during these services.

SCHEDULE A : Waste Acceptance

A.1 Waste Acceptance

Table A.1 Waste Categories and Quantities

WASTE TYPE	MAXIMUM (TONNES PER ANNUM)
Commercial	8,400
Industrial	3,000
Household	3,000
Construction and demolition	10,200
TOTAL	24,600 ^{Note 1}

Note 1 : The quantities of the individual waste types may be adjusted subject to the total annual waste quantity remaining the same.

Signed on behalf of the Agency:

Authorised Person
