Johnstown Castle Estate  
Co Wexford

Dear Sir

I wish to object to the proposed development of Whitestown pit ref 2004-1 by Brownfield Restoration.

Firstly, there are unresolved criminal & civil charges outstanding against the owners and previous operator of this site. This fact in itself should preclude any consideration of an application for further development.

Secondly, the local authority has stated that Whitestown pit, being adjacent to the Carrigower River, is not a suitable site for landfill.

Lastly, the Chrysalis Centre, a residential retreat centre situated 400 metres downwind of the site would be adversely affected by the noise (especially), dust & possible odours emanating from the development.

Yours faithfully

JOHN PILLING
