Re: W-50-2.

Dear Sir or Madam.

AVR Safeway's website states that their fuel blending facility at Corrin, Fermoy, Co. Cork will be operational in the 2nd quarter of 2006.

I wish to know the following please:

- 1 When did the EPA notify AVR Safeway that it would receive the license?
- 2 Why wasn't an EIS required for the fuel blending facility?

I am making a request for the above information under the AIE 90/313/EEC and under Directive 2003/4/EC

Yours truly,

Helen Riordan
